## A

### Before Installation

- Make sure the desk has been fully assembled.
- Ensure all required hardware is available.
- Do not fully tighten screws until all parts are correctly aligned.

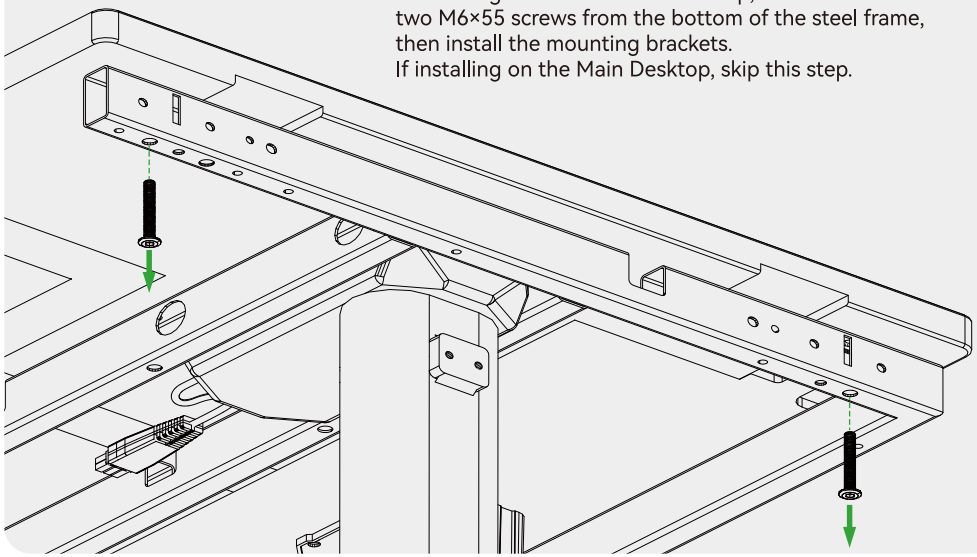

### Hardware Included

- 4 × M6 × 30 Hex Socket Screws
- 12 × M6 × 8 Hex Socket Screws

## B

### Step 1

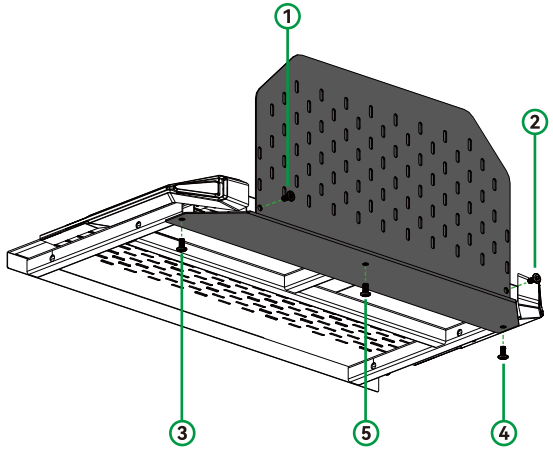

If installing on an Extension Desktop, first remove the two M6×55 screws from the bottom of the steel frame, then install the mounting brackets.
If installing on the Main Desktop, skip this step.

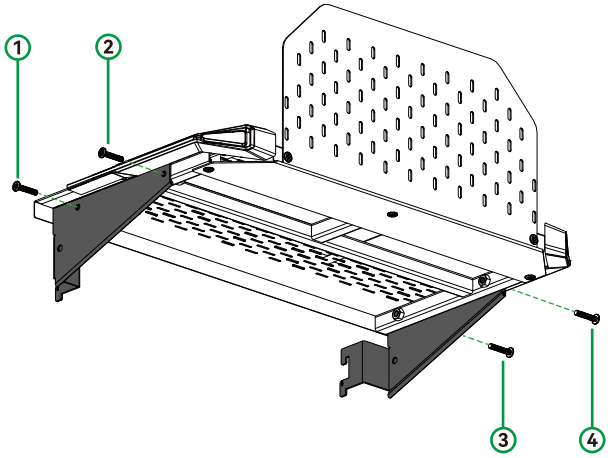

LIVTAB CPU Holder Installation

## C

### Step 1

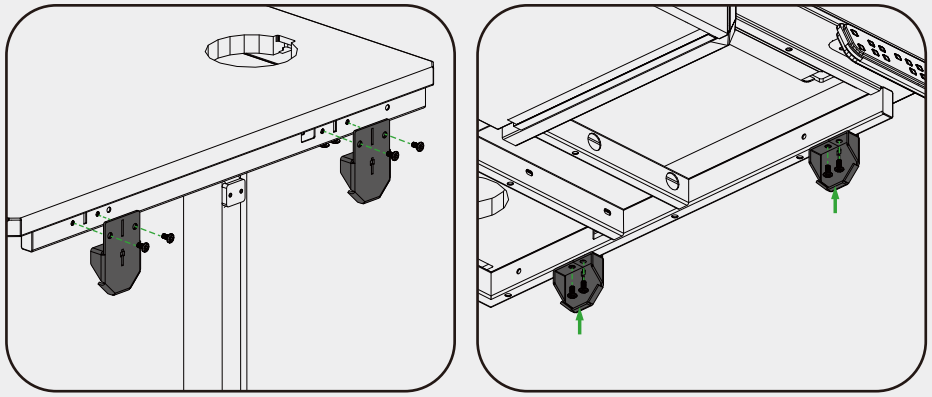

Attach the rear panel to the base using 5 × M6 × 8 Hex Socket Screws.

### Step 2

Attach the side brackets using 4 × M6 × 30 Hex Socket Screws.

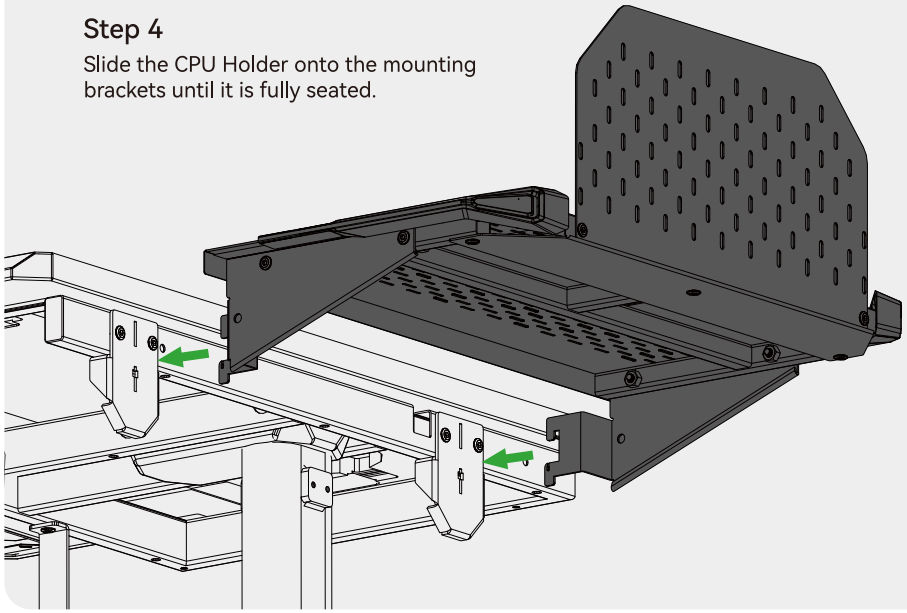

D

Step 3

Install the 8 mounting screws as shown.

E

Step 4

Slide the CPU Holder onto the mounting brackets until it is fully seated.

LIVTAB CPU Holder Installation

## Final Check

- All screws are securely tightened.
- All cables are properly connected (if applicable).
- Ensure the accessory is firmly installed before use.

### ⚠ CAUTION

Ensure all screws are securely tightened before use.

- After unpacking the product, confirm that all parts are included. If anything is missing, please contact customer support at **support@livtab.com.**
